MCSR 200 **E-2**

ROBUST TIRE FOR SUPERIOR PERFORMANCE

GALAXY
APPLICATION SPECIFIC, PURPOSE BUILT.

- All steel radial construction
- Heat resistance compound

MCSR 200 E-2

Galaxy's MCSR 200 is specially designed for high speed mobile cranes. Robust all steel radial construction ensures superior load carrying capacity and stability while working with heavy loads. Designed with a unique tread pattern to provide improved traction and excellent self-cleaning. The special heat resistant compound ensures minimum heat build-up during long hours of work.

Unique tread design

- Optimal traction
- Excellent self-cleaning

All steel radial construction

- Superior durability
- High load carrying capacity
- Outstanding stability

Presence of heat resistance compound ensures less heat build up
